

## **WANTED 2.4mRs**

We in Western Australia are introducing International 2.4mR Class yachts to our yacht club. We are keen to find suitable used boats to form the initial source of yachts for our new Fleet. If you are planning to change your boat for a new one with eyes firmly fixed on the World Championships in February 2024, or for any other reason, we would like to hear from you. If your boat is in reasonable sailing condition and you are ready to let it go, please contact us. Call John on 0412326272.
