Simplify Sports Payment

# SIMPLIFY SPORTS PAYMENTS

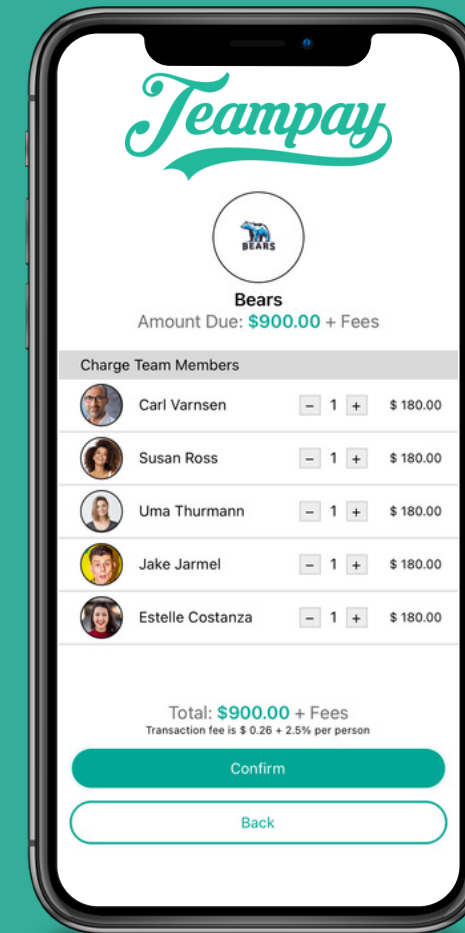

## Capture payments your way

Teampay facilitates the capture of team and player payments **the way you want to charge** at your organisation or club

Whether that be **weekly payments** or **season payments**, **team fee payments** or **individual per player payments**, Teampay facilitates it all

You can also **capture additional payments** such as **forfeit fees**, **team nominations** and **team bonds** through the app

Teampay allows you to set up & issue **tickets** for **events**, **spectator fees**, **holiday clinics**, **holiday camps** and more

## Mobile first technology

Teampay uses mobile first technology to make the payment process simple and easy for players and organisations alike. Through the Teampay app, players and parents can transact with their organisation from anywhere and in real time

## Centralize & go cashless

Teampay allows you to centralize all team payments into one system. Reduces admin time and increases operational efficiency by using a single system, helping your organisation or club go cashless

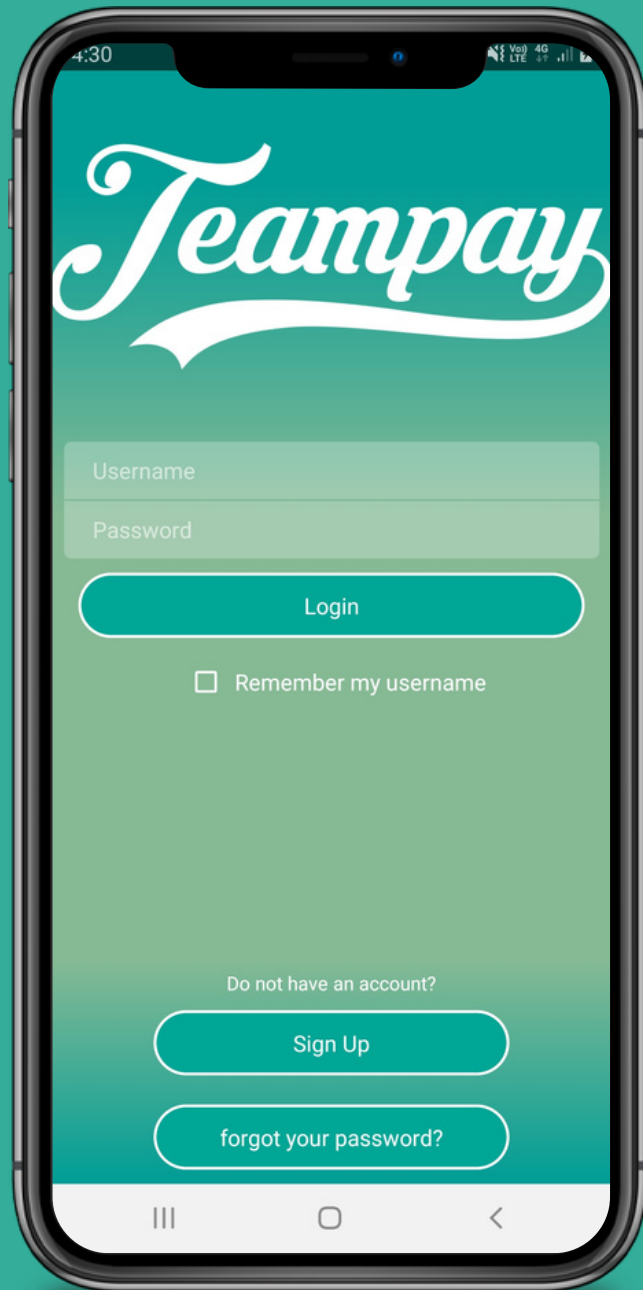

## Integrate into other software

Teampay has open API's and integrates with other software platforms to give your organisation or club a more holistic, feature rich solution

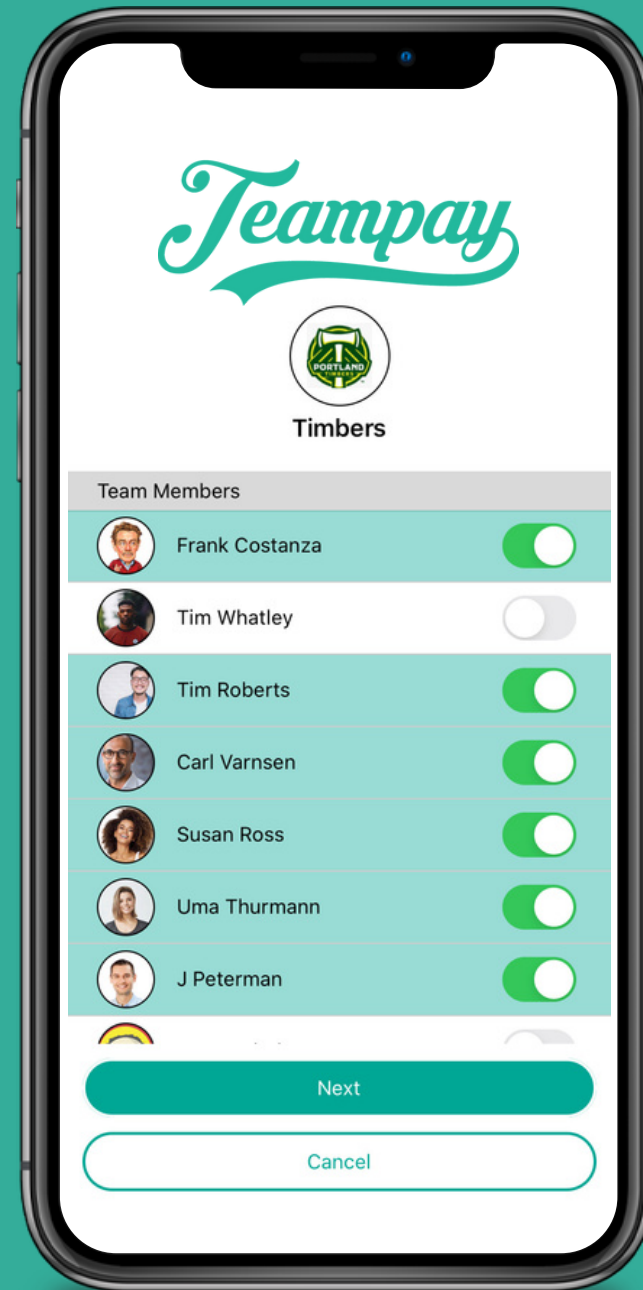

# How it works – Team fee payment

1

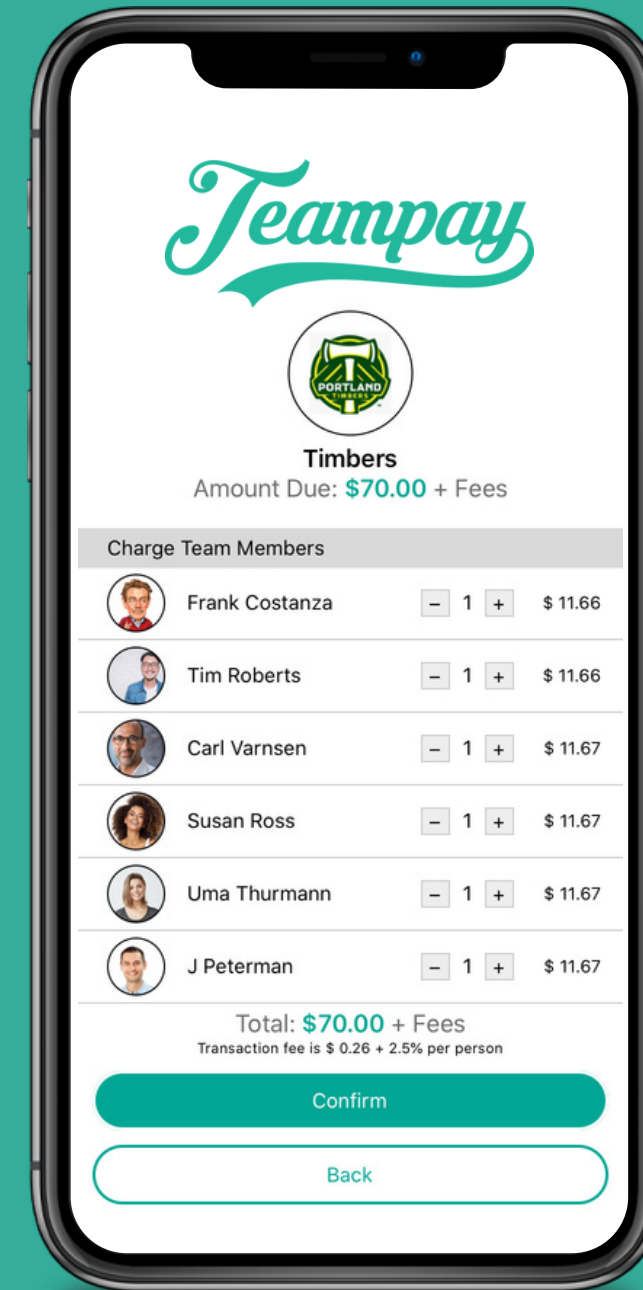

Each player downloads the Teampay app, registers their details and joins their team via their unique team code

2

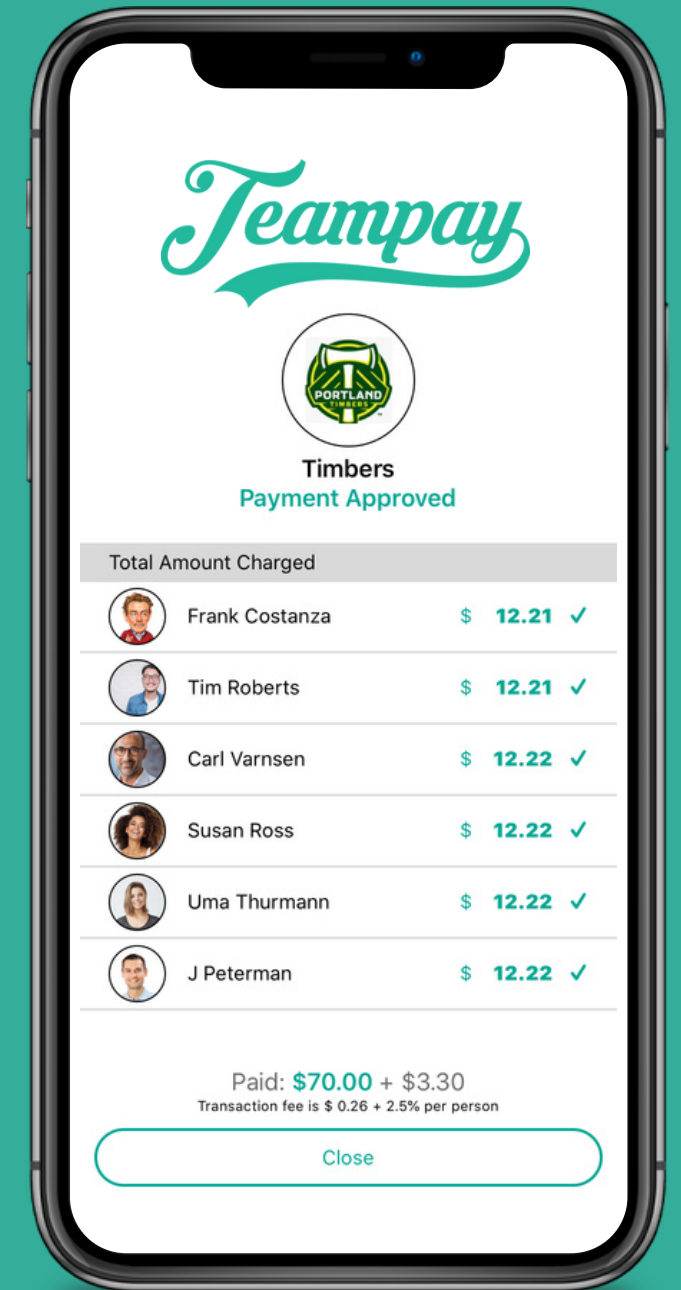

Prior to the start of the game (weekly payment) or season (upfront payment), the team captain/manager logs into the Teampay app and selects who is playing

3

The team fee is then divided evenly for each of the participants selected

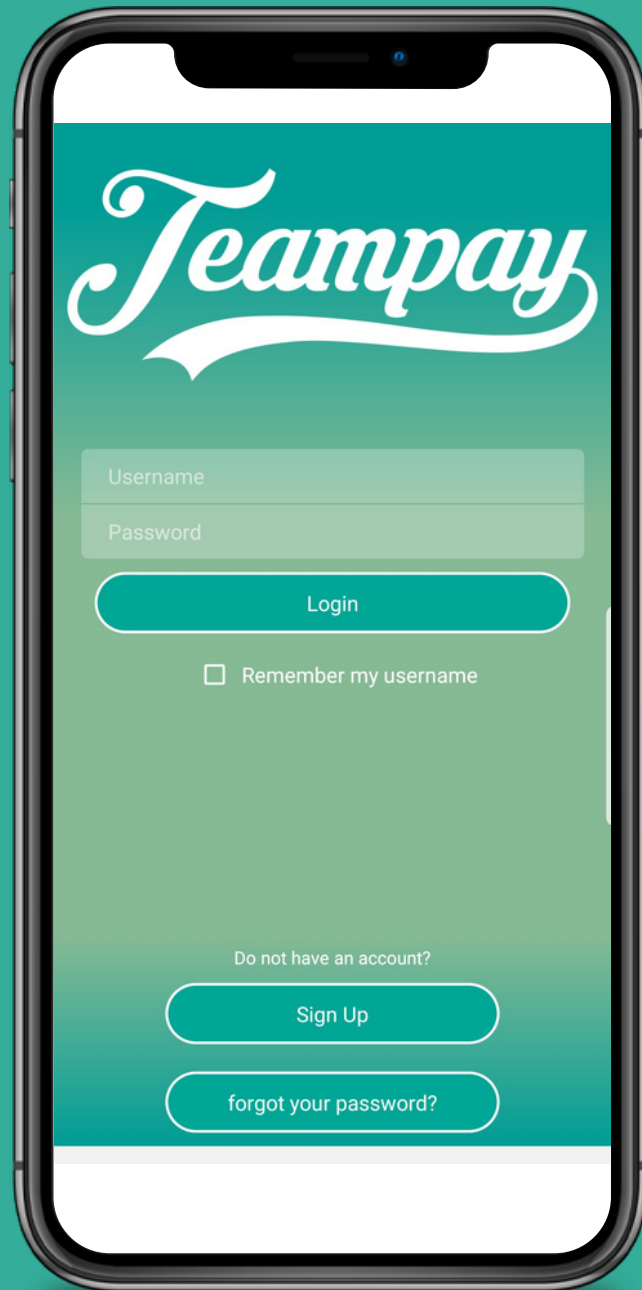

4

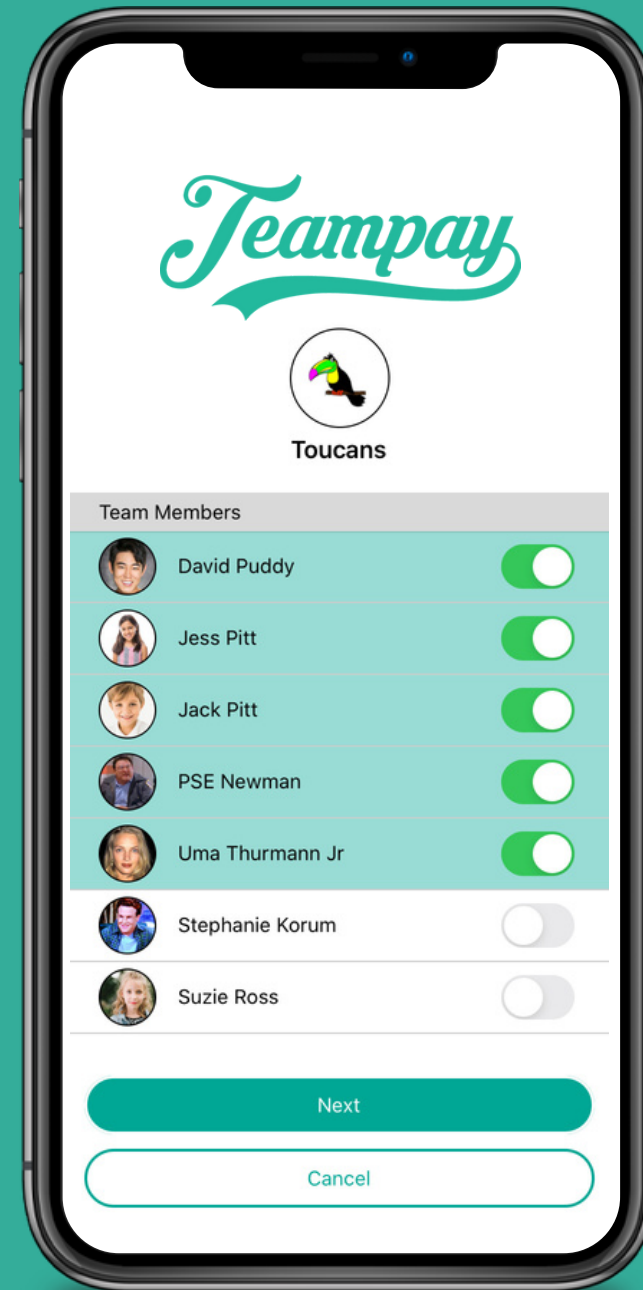

When ready, the player taps confirm and payment is withdrawn from each players account, pooled together and sent across to the organisation

# How it works – Per player fee

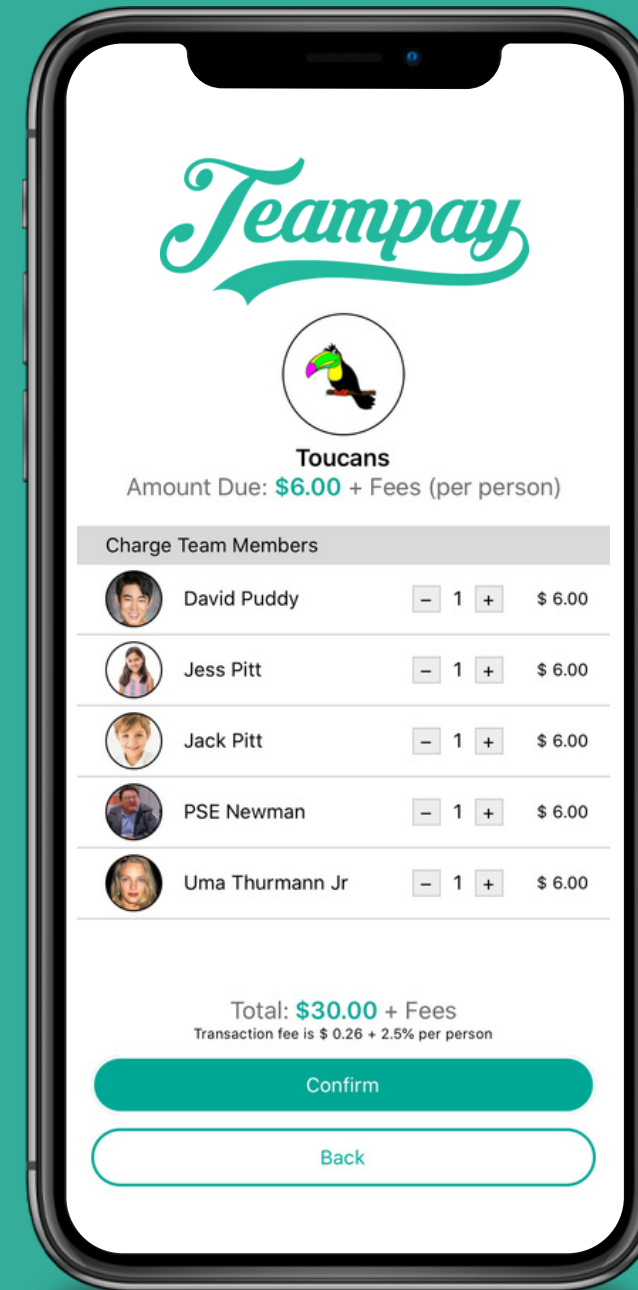

1

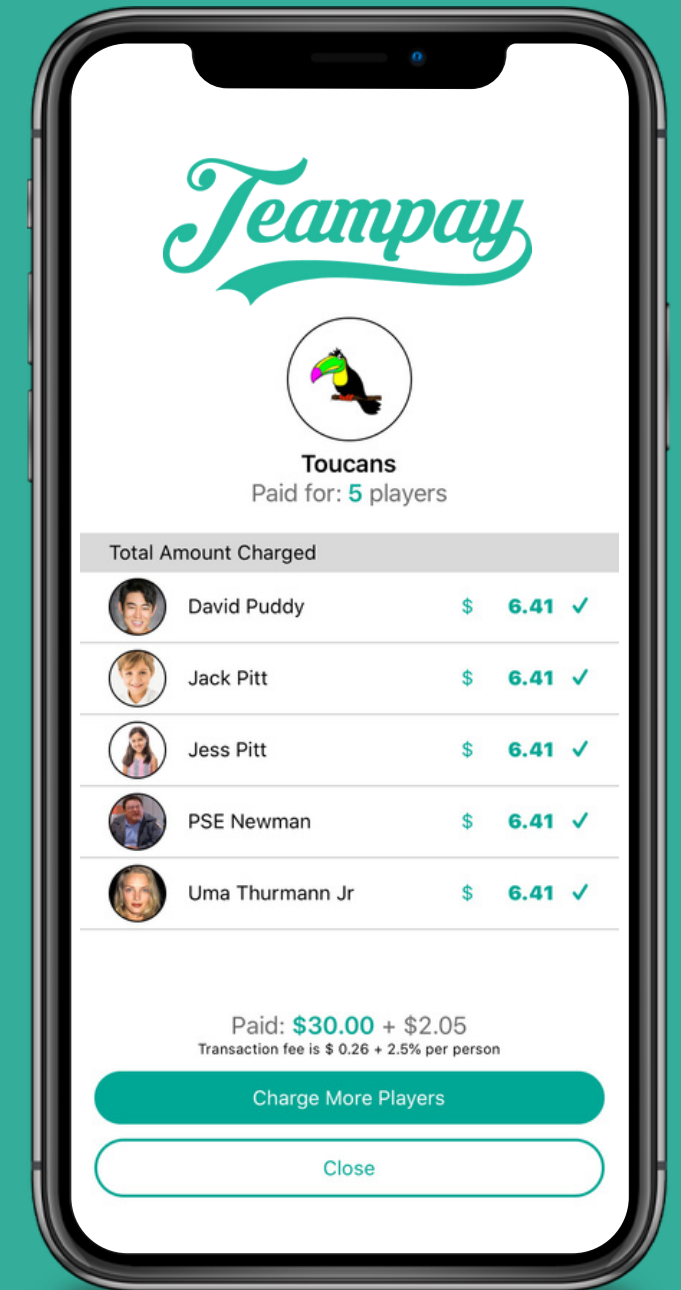

2

3

4

Each player downloads the Teampay app, registers their details and joins their team via their unique team code

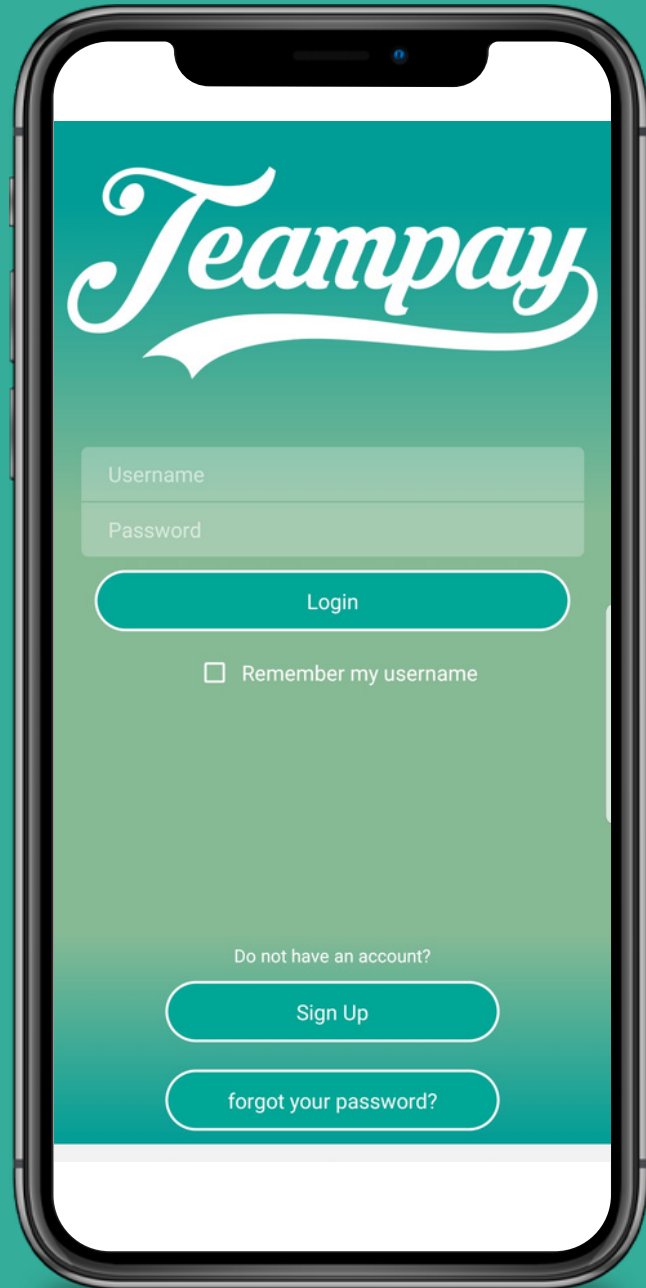

Prior to the start of the game (weekly payment) or season (upfront payment), the team manager/captain logs into the Teampay app and selects who is playing

The teams game fee is then aggregated evenly for each of the participants selected

When ready, the manager/captain taps confirm and payment is withdrawn from each players account, pooled together and sent across to the organisation

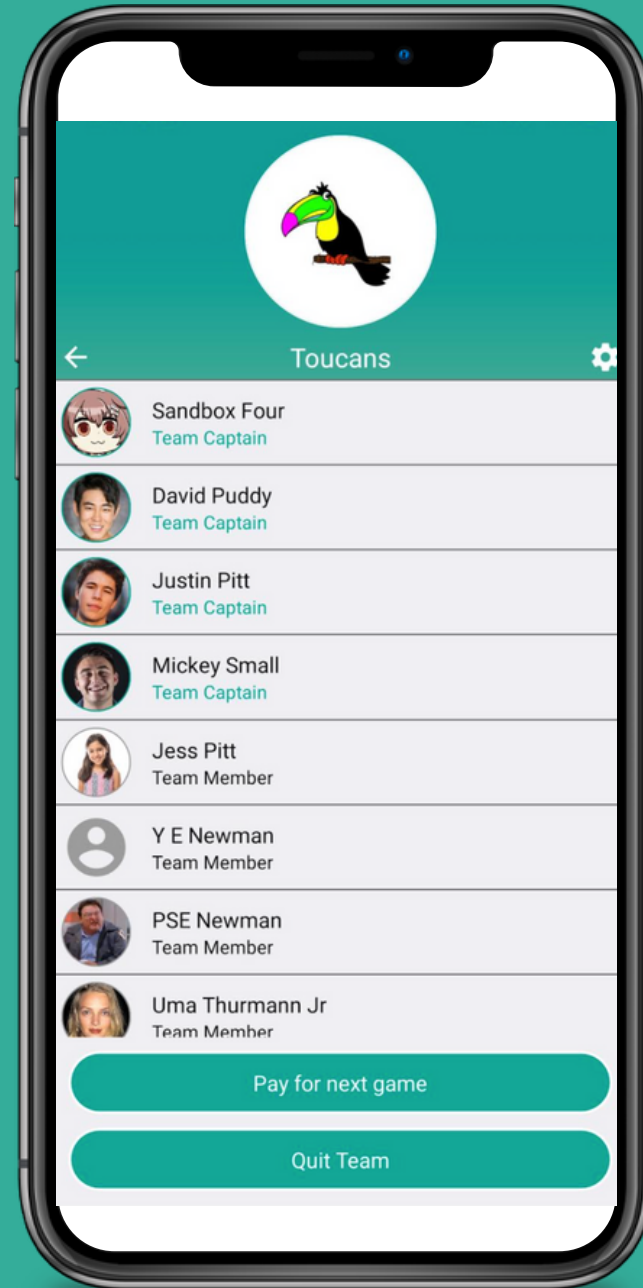

# How it works – Per player fee (self payment)

1

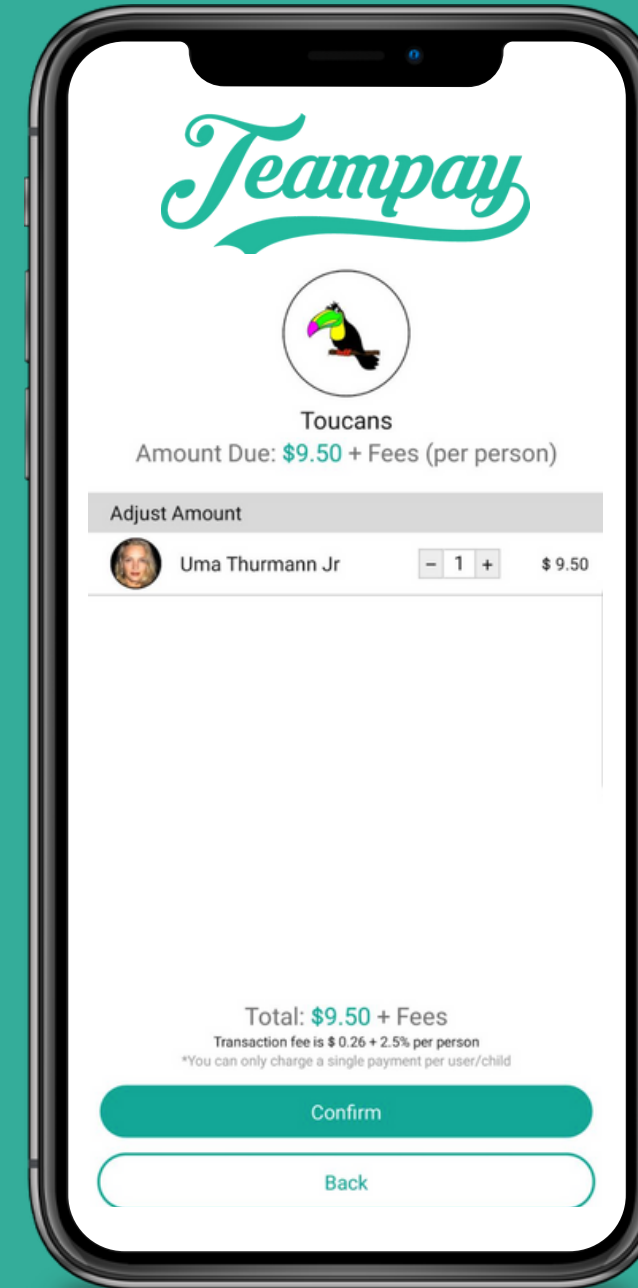

An individual can also log in and make payment for themselves should they prefer to do it that way

2

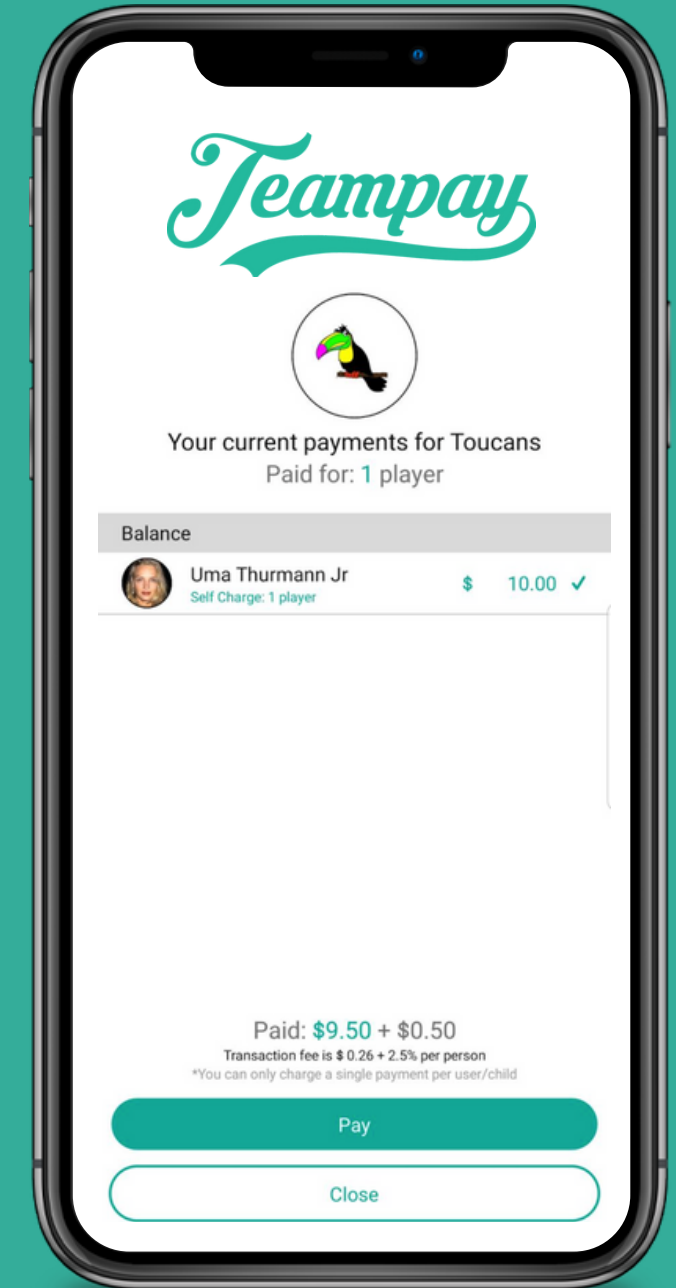

The process works the same way, however it will only allow them to select themselves.

3

Their game or season fee is then calculated for them to self charged

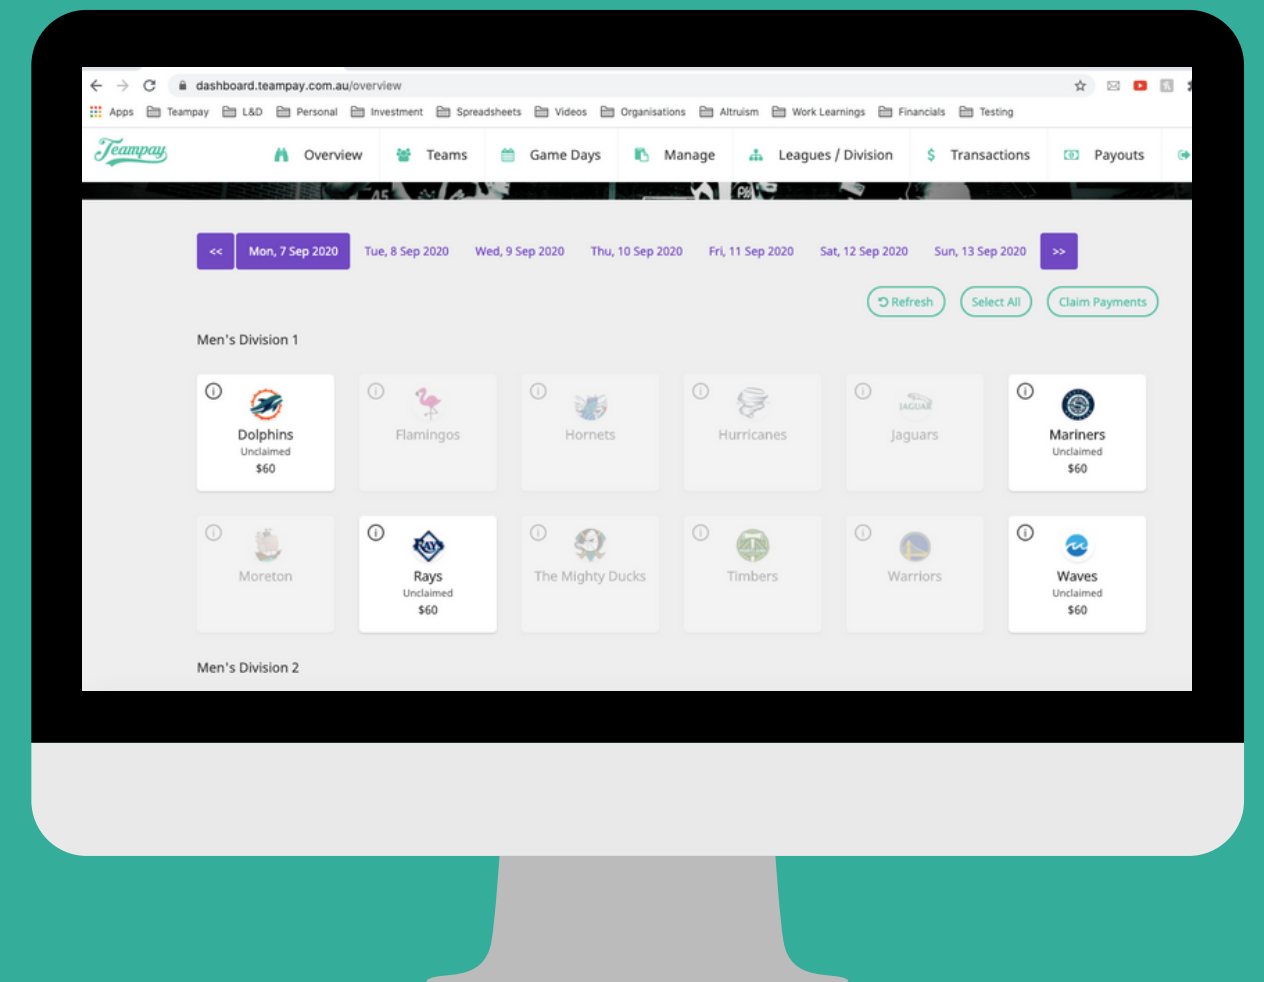

4

When ready, the individual taps confirm and payment is withdrawn from their account and sent across to the organisation

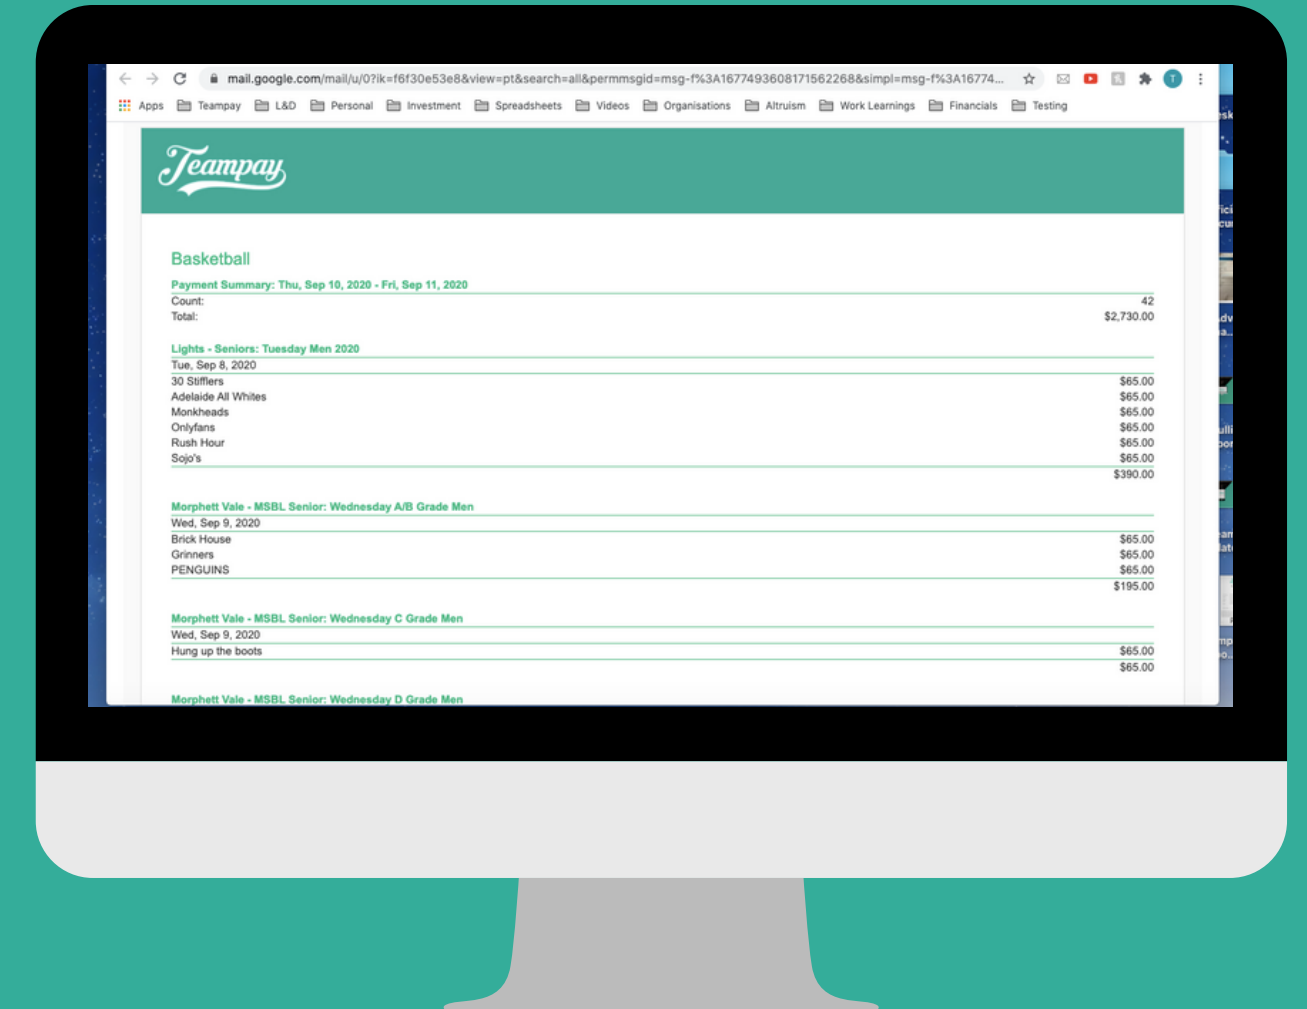

# How it works – The Organisation

- On game day, the Teampay dashboard is open and in front of the game day manager
- As a team makes payment, they will illuminate on the dashboard to indicate payment has been confirmed
- This all happens in real-time so as soon as the payment goes through you will be notified
- The dashboard breaks down each team and player payment, so you can see exactly who's paid for the game
- Forfeit fees, discounts, and nomination fees can all be added and customized for each team or player through the Teampay dashboard

# Reporting

- Automated summary reports are emailed daily. You also receive a comprehensive weekly summary.
- The reports include a breakdown of all teams & players that have paid via Teampay, broken down by division and team transactional value.
- You can also pull reports from your Teampay dashboard at any time
- The reports can be broken down all the way to individual player payments

# Teampay benefits – Organisations & Clubs

**Administer & capture  
all payments in a  
single platform**

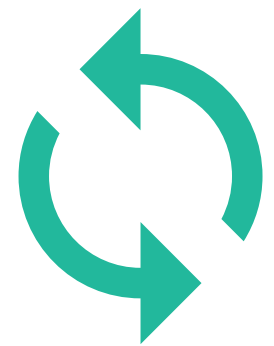

**Increases  
operational  
efficiency**

**Reduces  
organisational  
costs**

**Streamlines  
reporting**

**Simplifies the  
process from  
season to season**

# Teampay benefits – Teams & Players

**Quick and simple  
- payment can be  
made within  
seconds**

**Stops captains &  
team managers  
having to chase  
team mates for  
money**

**Team fees can be  
split fairly and  
evenly**

**Easy for players  
to make payment  
from season to  
season**

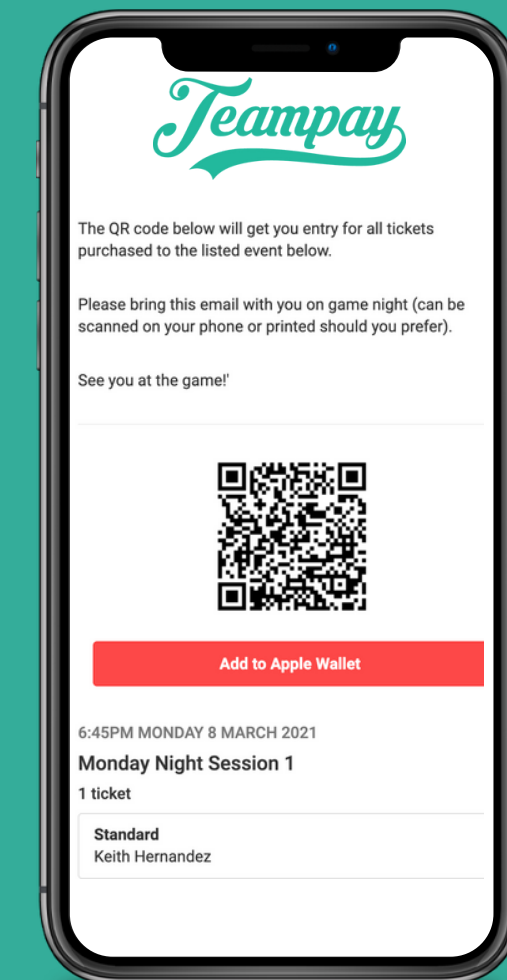

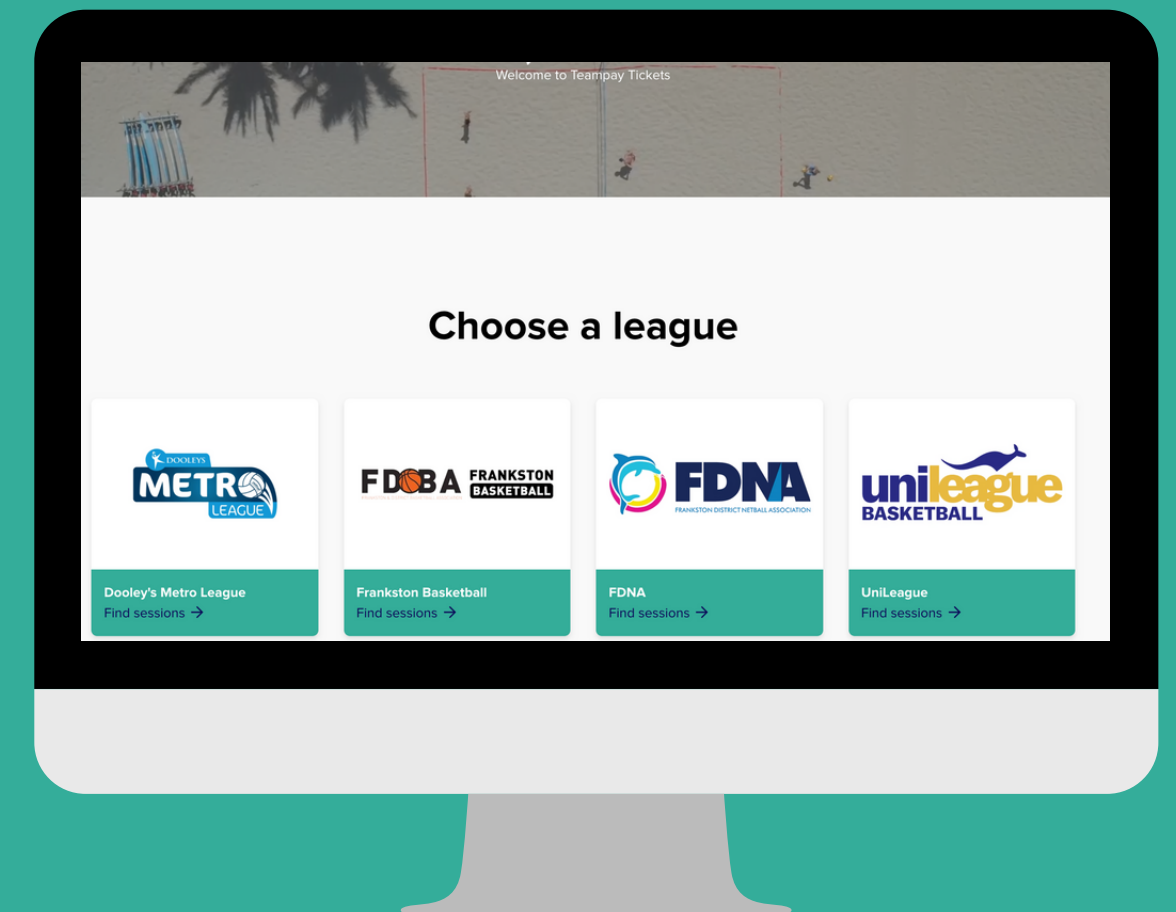

**No one left  
short  
changed or  
out of pocket**

# Teampay Tickets & Door entry

- Teampay now offers partner organisations and clubs the ability to sell and manage tickets, door entry passes & season passes
- Set up and administered through the Teampay dashboard, Teampay tickets keeps payments centralised and removes the need for multiple systems
- Tickets/door passes are emailed to the purchaser and they are provided a unique QR code that can be scanned upon entry
- Teampay tickets can be used to sell tickets for your pro team games, door/stadium entry fees, holiday clinic events or weekend sports carnivals
