

24/12/23

The AWDCC is now taking membership renewals for 2024. Memberships can be done on-line at www.revolutionise.com.au/awdcc/ . All memberships are due on January 1 each year.

In addition to your renewal, members will be given the opportunity to make a donation to the Club. Our lease is now in place for the Wilby venue which now gives our Club a home racetrack, and we have begun the process to upgrade the concrete wall along the drag strip. This is the first capital expenditure for the facility, and it will be funded largely by sponsorship. Members who want to be part of the project, but don't have the need for a \$3000 sponsorship and sign, can make a smaller donation to assist the Club. Donations can be made by checking an extra box in the Add-Ins section of the renewal process. Once the wall is complete, we will begin building the new pits followed by other stages as outlined on the masterplan attached.

All membership levels have increased \$5 this year, this is the first increase since 2016.

Members are encouraged to use Pin Payments for paying fees. Pin Payments reduce the workload of Club officials, and with over 700 members, any opportunity to save time is appreciated. Pin payments offer the security to members of being able to track their own Club transactions.

Renewing members need to follow the Membership > Renew tabs. They will be asked for their Surname and First name, and also their Date of Birth. If you did not change the generic Date of Birth last year, you may have difficulty renewing. In that event, try either 1/1/1900 or 1/1/2020, or similar. During the renewal process, you can change or update any of your details.

There are several levels of Membership.

Social membership is for those who don't compete, just receive news and come to the odd "social" event.

Junior / Student is for those under 18 y.o at Jan 1., or full-time student (regardless of age) and is required for competing in Club events.

Senior is 18 y.o. and over, and is required for competing in Club events or for Historic Registration

Family is for, say, parents with children who are juniors or students. No limit on number of family members. Children can compete in motorkhanas from 12 years of age.

Family could also be for a couple with no children. Family members over 18 have the same entitlements as Senior Members.

When joining up as a Family, the \$70 fee is paid by the “Family – Senior – First Adult”.

Other members of the family join as “Family – Senior – Second Adult” or “Family – Jnr”, and there is no fee.

Each member of the family will need to be entered separately.

A **Senior** or **Family** membership is required for Historic Registration.

It is advisable that memberships remain current for the purposes of Historic Registration.

Membership cards are issued for members 12 years old and above.

Historic Vehicles – The Club recommends that members with Historic vehicles ensure that their membership is up to date. There is a view that your registration is not valid unless your membership is current, and whilst we haven’t seen it tested, we recommend renewing immediately. Members are now able to pay the Historic Vehicle fee with their Membership fee. Please choose the applicable Add-on fee for the number of Historic vehicles taking part in either the NSW or Victorian schemes. Paying the Historic Vehicle fee allows the member to take part in the NSW Conditional Registration for Historic Vehicles, Classic Vehicles or Street Rods, or the Victorian Club Permit Scheme for Veteran, Vintage, Classic and Historic, Trailers, Modified, Street Rod, Replica or Machinery.

Wedding Cars - Occasionally we get requests for wedding cars. This year we have created a “Wedding Car” field in the membership. If you want to make your vehicle available for weddings, please fill out the field. This isn’t limited to Historic Vehicles, if you have a modern car available, give us a brief description and a colour. If you send a photo to us we will upload that to your profile. A list will be made available to interested parties, personal information for each vehicle will be limited to First Name and Phone number.

Membership cards – We have started doing electronic membership cards. If you still need a plastic card, please indicate in the appropriate field.

Membership number – Generally the membership card has an Identification Number which is generated on the day of printing. If you wish to have a permanent number, then complete the appropriate field. This is often more convenient for competition events, you can request a number (maybe your car number) and if it isn’t taken it can be yours.

If you have any questions, contact David on 0427200035, or members@awdcc.com.au
