

Bendigo Senjuns Hockey Club

Payment of Fees Policy

Please refer to the Bendigo Senjuns Hockey Club Information Booklet for fee structure and explanation of fees for each level of hockey for the current hockey season.

Should any Bendigo Senjuns Hockey Club members experience financial hardship, please speak to our club Treasurer regarding a payment plan to help you out - we would prefer to have all our members playing hockey rather than sitting on the sidelines.

Any payment plans (a contract, as such) need to be put into place prior to the 1st training session (4th training session for members new to the sport of hockey) taking place and agreed to by the Committee. Once this plan is in place, you must abide by the plan. Final payments are required by 30 June.

For payment plans, Hockey Australia / Hockey Victoria fees and a deposit towards Club fees must be paid before the 1st training session (4th training session for members new to the sport of hockey) via RevSport. The remaining balance will be collected directly by the Club through the payment of the plan.

Should fees be outstanding at any point of the season without a payment plan approved by the Club, that member will be ineligible to take any further part in training or games until it has been rectified.

Bendigo Senjuns Hockey Club also offers family discounts.

The Treasurer is available to discuss options - senjunstreasurer@gmail.com. Every concern will be treated with respect and privacy.

Players must be a full financial member of the club to be eligible for finals.
