As there are a few clubs with storage concerns, post the implementation of the Stuart Park upgrade, and she has agreed in principal for council to re-engage the stakeholders to see what council can do to alleviate everyone's storage concerns. The wheels of democracy are turning, albeit slowly. Watch this space, if you get bored of watching the grass grow.</p> <p>Thankyou to every that helped out at, or turned up to watch, the relay race of the boys vs Ryan. The competition should put him in good stead for his upcoming state championships.</p> <p>Thankyou also to Rach Goodwin for her efforts in completing a grant application for a club defibrillator.
