***** Information on non-linear bats with unique barrel compression thresholds can be seen on the [Non-Linear Bat Compression Thresholds](#) page.**

CERTIFIED/APPROVED: The official bat for USA Softball Championship Play must meet all the USA Softball specifications and the requirements of Rule 3, Section 1, and:

1. The official bat, made up of the knob, handle, grip, taper, barrel and end cap shall be free of burs, dents cracks, sharp edges, rattles and show no signs of excessive wear. The official bat may be marked OFFICIAL SOFTBALL by the manufacturer, and shall be no more than 34 inches long nor exceed 38 ounces in weight. The official bat shall not be more than 2.250 inches in diameter at its largest part, including any tolerance for expansion. The official bat must bear either the 2000 Certification Mark, 2004 Certification Mark, or 2013 Certification Mark (Slow Pitch, Men's Adult Fast Pitch, Junior Olympic Boy's Fast Pitch and Men's Modified only), as shown below and must not be listed on the USA Softball Non-Approved Bat List with 2000 or 2004 Certification Mark.

NOTE: USA Softball has begun transitioning to the new USA Softball Certification Marks for the 2020 calendar year. On behalf of equipment manufacturers, the USA Softball Equipment Testing and Certification Committee requested that the new certification marks be approved for the 2019 calendar year and the USA Softball Board of Directors approved the new marks (seen here) for 2019 USA Softball Championship Play. The Official Rules of Softball, Rule 3, Sections 1 and 3 will be updated for 2020 to identify the new Certification Marks for Championship Play.

USA Softball no longer displays every bat made by bat manufacturers that do not comply with current USA Softball bat standards. If you want to know what bats are approved for use in USA Softball Championship Play, follow one of the steps below.

- check the approved list located in the drop down boxes above and search by the specific manufacturer or select all
- check for either the 2000, 2004 or 2013 (Slow Pitch Only) Certification Mark (all three depicted above) and then be sure the bat is not listed on the PDF's above as a Non-Approved Bats with Certification Marks by USA Softball

Please be sure to read the specific USA Softball rules surrounding bats (a portion of which is located above) for a comprehensive review. Please remember that all bats that do not bear a USA Softball certification mark remain non approved unless they were made prior to 2000 and in the sole discretion of the umpire would pass USA Softball's certification test if tested. Local USA Softball leagues and tournaments not conducted as part of USA Softball Championship Play may alter USA Softball's playing rules as they see fit.
