Dear Club members

I have had the pleasure of being your Soundings editor these last 3 years. For four years before that I collated collected text and images for the previous printer. (Thanks to our office for their diligent work over the whole period). It does feel part of me now. I have been through major life changes over the last 18 months and cannot thank the club membership enough for the support shown to me. Over the last 9 months my heart health has progressively declined and simply cannot offer the time required to continue in either my paid role producing Soundings or in my volunteer roles at the club.

I have cheekily indulged myself with some images of treasured moments for me and my association with such a great family club. The cover is my beloved cruising ketch *Wotama*, taken at Gaffers 2017. The back cover has a 2013 photo of Fred Bobby and I winners that year of the Hart Cup aboard Fred's *Simplicity*. My Dragon *Aphrodite* at last year's gaffers. Finally, a very proud moment me ,. Representing our club as Sailing Chairwoman this year for our pre-covid inshore regatta at which time I was well enough to be PRO.

Frances Mulcahy *Aphrodite*

# Commodore's Comments

The Club is still in restricted mode, we are still under the COVID19 regulations and at the time of writing all restrictions remain unchanged now. Support from members has been incredibly positive with only a couple of complaints and suggestions. I would like to thank all our members for their understanding during this period.

## COVID 19 Restriction

Stage 2 of the Office of Liquor and Gaming regulations remain in place. We are hoping to put a COVID19 plan together from August 2020. The regulations for Stage 3 should be released in July.

As long as the Stage 3 rules fit our club size we plan to start off with small numbers and work from there. If the overall cost of complying with these regulations is low, we will look at increasing activities and bigger events.

Remember Social Distancing rules will be here for the foreseeable future. If you are in your boat or socialising at the club with friends keep this in your mind at all times. This will also play an important role in racing, cruising and paddle events. If this protocol is not followed future social events and racing are in jeopardy.

Danny Pearsall

*Caniapa*

*Please see Around the Club pg 16 for Danny's additional news*

# Marina Media

AHOY,

I hope all our Marina members and occupants have endured and come through these testing times without too much hassle. I'm glad to say that the Marina has been able to continue to provide much of the facilities and services you've come to expect. We did have to make a few minor changes in the way we do things. These changes are in direct response to government requirements related to the current pandemic and as soon as these restrictions are relaxed, we will endeavour to return to our old habits. Who knows, we might have learnt a thing or two along the way.

I'd like to thank everyone for your understanding, help and patience which has allowed the Marina staff to carry on business as usual.

The Marina is currently undertaking a project in which we will be installing extra lighting and power outlets on the walkways. Our intent is to provide better lighting and make power available to each berth if you need it, without laying cables across walkways. While we are on the subject, we all need to ensure that no electrical cables or ropes are able to fall in the water, for obvious reasons. If you have any questions, please give us a call.

Lastly, I would like to take this opportunity to remind all berth occupants that when at the marina enjoying yourself with family or friends, that you are responsible for them. For their safety, please ensure that children or anyone else for that matter do not ride scooters, bikes or the like around car parks or on the walkways. This will help prevent accidents or losing the bike in the water.

Thanks in advance for your help with this.

Safe Boating.

**Phillip Llewellyn – Marina Manager**

# Marina Media

## Marina Berths for Sale.

The following list indicates the number, size and type of berths for sale as well as the owner's asking prices. If you are interested in purchasing a marina berth, we can help, just drop in or call the marina office on 07 3396 4639. We will arrange to put you in contact with the owner. Please note- The Marina does not act as an agent, broker, or collect any commissions upon the sale of marina berths.

Berth Size	Type	Number Listed	Asking Price Range
8 Meters	Monohull	2	\$60,000
9 Meters	Monohull	5	\$49,000-\$60,000
10 Meters	Monohull / Multi	20	\$50,000-\$120,000
11 Meters	Monohull	1	\$90,000
12 Meters	Monohull	13	\$88,500-\$130,000
13 Meters	Monohull	4	\$110,000-\$135,000
14 Meters	Monohull	4	\$120,000-\$155,000

Since March 2020 - 1 berth sold with 1 added to the list

# Vale Graham Holley

*Remembering  
Graham Stanley Holley*

One of our members, Graham Holley, passed away in June. Graham was well known in the Club and in sailing circles in Queensland and Tasmania.

He was an active member of the Club and enjoyed his sailing/ racing. Graham offered his assistance around the Club for many years. His smiling face will be missed at the club and around the bay.

Graham (stripe top) waving from *Supermollie* - familiar at the club the whole south Pacific Tasmania and New Zealand.

# WMYC Nominations

## WYNNUM MANLY **YACHT** CLUB INC. NOMINATION FORM ELECTION OF OFFICE BEARERS FOR 2020/2021

# Message from the Office

## Hardstand Spaces

Hardstand spaces are a valuable asset, and sometimes hard to obtain as a new member. We do have a waiting list which sometimes can take several months to get through. This office receives several phone calls per week for boat owners wanting hardstand storage.

The club has a policy that if a member decides to sell their boat currently situated on the hardstand, then the new owner *may* retain that space if they so desire. This way we encourage new active members, and it can be a selling point in any sale.

However, the seller *must* advise the new owner that if they do remain on the hardstand then they are to become a Full member by completing the application form and paying the appropriate pro rata fees. Both the Application Form and the fee structure are available on-line and can be downloaded prior to the sale of the vessel.

Sellers of any vessel can sign the new application form as Proposer, making finding a Seconder much easier.

As mentioned in an earlier email newsletter, it is preferable for gate cards and keys to be returned to the club office and a new card and key will be registered and allocated to the new vessel owner.

# Around the Club

## August AGM

It is time to select a new committee to start a new year.

The running of a Club is a big job and we are always on the lookout for new input into the Club's operations and ways of keeping the Club prospering for the next 50 years.

If you are a member, or partner of a member or a social member and you have skills and would be sometimes available we would encourage you to join the Committee or the Social Committee. On the Committees there are a number of roles that are essential to keeping our Club running.

Nomination forms are in Soundings and available at the Office.

I will also be sending out an email to everyone giving more details about the positions, roles and requirements.

## Around the Club

We are at present upgrading the cameras around the club to increase security. A new Licence plate ID camera is also being installed.

At the same time, the gate security is also being upgraded.

Grounds Chairman, Tony Shoesmith, has been getting repairs done to the club pontoon caused by rust problems. Progress on the planned Aquatic Building and new pontoon project have slowed due to COVID19.

Danny Pearsall

Commodore

*Tony Shoesmith, Secretary*  
*Wynnum Manly Sailing Club Inc.*

# Social Connections

My friends as you would expect there has been no social activity at our wonderful Clubhouse. We are endeavouring to return to some fun times again, but they will be held differently as we comply to social distancing guidelines. Of course, you will be kept up to date as things progress.

I have some sad news to share with you all. Our fellow shipmate and much loved WMYC member Graham Holley skipper of 'Super Molly' has reached his final horizon and it is with a heavy heart that we bid him farewell. Graham died aboard Super Molly. I extend our condolences to Gina and Graham's family.

Well that is all the news I have to share from the social side of WMYC. Do take care friends 'till we see you on deck soon at the Clubhouse.

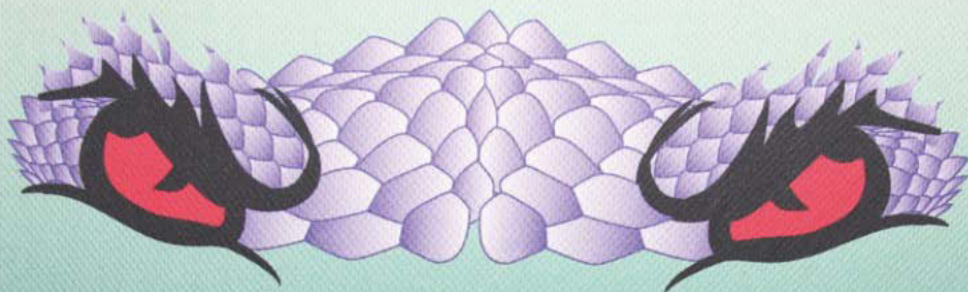

Social Chair  
Randell

# Manly Dragons

With the COVID 19 virus taking hold Manly Dragons like everyone have not been able to get out on to the water.

In March last year we attended the Nationals for Dragon Boating in Canberra and were selected to attend the Club Crew World Championships in Les Bain, France in August this year. We have been advised of the cancellation of the CCWC competition so will not have the opportunity to represent Australian Dragon Boating in France. A big disappointment for those who were selected to attend.

Manly are back to training with limited numbers ,10, and using a specifically designed seating chart to ensure we meet the Government regulations. The one person training boats, TK's, are back on the water with the Dragon boats commencing this weekend 27<sup>th</sup> June.

Our COVID plan for all crafts was accepted by the applicable bodies which we are very grateful for.

We are hoping when level 3 becomes an option we will have the 20's crews out paddling.

We look forward to seeing everyone back on the water .

Manly Dragons
